

## **ARMY VOLUNTEER CORPS**

AVC program provides a single point of contact for volunteerism on Fort Monmouth and can provide information about volunteer opportunities on the installation and the surrounding community.

Whether you want to volunteer each week or once a year this is the office to visit if you are interested in volunteering. Information, processing and interviews are handled through this program.

Special event volunteers assist on an as needed basis. During the year organizations may have a project or event that may need assistance from volunteers.
